# Choose Your Benefits

Get Ready Now, Enroll October 23 through November 7

The Aon Benefit Experience (BenX) makes it easy to find the right fit. Just choose your coverage level, the price you want to pay, and the insurance carrier you want to work with.

## Get Up to Speed

Visit the **Make It Yours** website at [tapestry.makeityoursource.com](https://tapestry.makeityoursource.com).

- Watch quick videos to see what BenX is all about.
- Compare the coverage levels side-by-side.
- Compare the costs of your health care options to find the best deal.
- Get to know the carriers through [Your Carrier Connection](#)—get overviews, compare specially designed programs, and access preview sites to see provider networks and prescription drug information.

## Enroll

Log on to the [My Health Benefits](#) enrollment website and click **Enroll Now**. Or, you can enroll through the Alight Mobile app (available through the Apple App Store or Google Play).

- Get fast answers about the best medical options for your situation by sharing what's important to you.
- See how others evaluated the health insurance carriers by looking at carrier ratings for customer service, provider networks, and online experience.

Once you've completed your enrollment online, you can view your future coverages and follow-ups on a confirmation page. You can also view this information through the enrollment website any time before your benefits begin.

Remember, you should carefully review all your options. If you take no action, you will default to your current coverage next year. If your current coverage is not available in 2025, you will be enrolled in the lowest cost option available for the plan. To contribute to a Health Savings Account (HSA) (if eligible) or a Flexible Spending Account (FSA) for 2025, you must make an active election.

# Use Your Benefits

Throughout the year, there are lots of ways to stay on top of your health, and to make the most of your benefits and your health care dollars. Make sure you're up-to-speed before your benefits take effect.
