Alight Advocacy was created to take the burden of health care problems off your hands—and into the hands of benefits experts. No issue is too small or too large. Simply call or email and be connected with a real live person who will work to resolve the problem, no matter how big or small, or how long it takes.

After you connect with your Health Pro and explain your issue, your Health Pro will take it from there. You will receive regular updates until your issue is resolved. For urgent situations, your Health Pro will start working right away to resolve the issue (if possible) within 24 hours.

Your Health Pro will contact your insurance company, doctor, pharmacy, or medical facility to reach the best solution possible. He or she will deal with medical, benefits, and insurance issues, while you focus on what's important in your life. Think of your Health Pro as your personal health care expert. Simply hand off your problem and let your Health Pro do the rest.

## More compassion. Less confusion.

Alight Advocacy services is a confidential program offered through your employer at no cost to you.

### Our Health Pros are standing by for:

Help with a claim or billing

Understanding and using any of your employee health benefits.

Getting answers to questions about coverage for a specific doctor visit, procedure, or treatment.

Preparing to talk with your physician during an upcoming appointment—know the questions to ask!

Making sense of your doctor or hospital bill including your Explanation of Benefits statement.

Finding a doctor, hospital, or pharmacy to get the best care at the right cost.

Help with pre-authorizations

Getting a referral for a second opinion.

Navigating Medicare.

## When you have general questions

You don't need to have an immediate issue to contact Alight Advocacy services. Our team is well trained on all your employee benefits. And if there's something we don't know, we'll either find the answer for you—or quickly get you to the right resource! We can help with:

- Determining if a procedure should have been covered at a higher percentage.
- Understanding the difference between in-network and out-of-network coverage and services.
- Deciding whether to contribute to a flexible spending account or not.
- Benefits your employer provides to you.

## Or when you just need someone to talk to

If you need to talk with a live person about life's challenges, such as managing a health condition, coping with stress, or overcoming substance abuse, your advocate can help with that, too.

## Our Health Pros can help solve your health care issues\*

A few we've solved recently:

- Secured critical therapy for an expectant mom whose baby's life was at risk
- Obtained emergency prescriptions
- Assisted in finding a high-quality provider to perform a procedure at a lower cost
- Partnered with health plans to approve previously denied coverage for lifesaving treatments

## Let us help you keep life moving

**More time.** The average issue takes an experienced Health Pro upwards of four hours. Better than you!

**Less stress.** Your Health Pro contacts your health insurer, medical team, and everyone involved until your issue is resolved. One less thing for you to worry about.

**More peace.** Health Pros can fix issues that were the result of an administrative mistake. Put your feet up while your advocate gets it corrected.

## Dear Alight Advocacy,

I was experiencing double vision and very painful headaches. An eye doctor wanted me to undergo a relatively new procedure, but that left me scared and uncertain. Thankfully, my Health Pro put me in touch with another specialist, who reviewed my treatment options and affirmed the new procedure was my best option. And it was—my vision is better and my headaches are gone!

Thank you!
